

Slide

Famix Next-Generation

Julien Deplanque

julien.deplanque@inria.fr

Presentation

Introduction

Slide

Objectives

- Understand Famix Next Generation (NG)
- Get familiar with the DSL
- Provide advices to maintain your meta-model and generator

Resources

- <https://github.com/SquareBracketAssociates/Booklet-FamixNG> (in progress)

How it works

Slide

```
module := builder newClassNamed: #Module.  
program := builder newClassNamed: #Program.  
subProgram := builder newClassNamed: #SubProgram.  
variable := builder newClassNamed: #Variable.
```

Describe your meta-model using the DSL
